CHECKLIST

Your Turkish kebab ordering checklist

- [ ] Decide whether you want döner, şiş or Adana before you reach the counter.
- [ ] State your portion size clearly: yarım for half, tam for full, or dürüm for a wrap.
- [ ] Answer yes or no to salad when the vendor asks, and specify any ingredients you want left out.
- [ ] Request sauce on the side if you're taking the meal away.
- [ ] Confirm the price by asking "ne kadar?" before you pay.
- [ ] Watch how locals order and copy the structure for smoother communication.
- [ ] Point to items on the counter or menu when your Turkish vocabulary runs short.
